

Game Players Creation

in list [Done](#)

SP

2

Description [Edit](#)

As the game board

I want to create the players

so that they will be able to start the game

UAT

[Hide completed items](#) [Delete...](#)

100%

- 
- Create Player X (this has to be the first player)
 - Create Player O (this has to be the second player)
 - Other players aren't allowed
